

Mockup Meeting Notes:

Creative Director: Jack Frischer

Designer: Sarah Rhee

Turquoise is nice, but change the red to a bright reddish-orange.

Maybe try to incorporate the orange color more (possibly some rectangle outlines are the orange color)

Leading is too large, But like the font size

Use greyscale images

Childhood: Julia's family home in Pasadena

Media Career: Shots from her television show + Her cookbook (either the book or her holding it)

Legacy: Picture of Julia (happy)

Try to keep consistent margins on webpage (2 variations)

- Version 1: Margins on Home Page

- Version 2: Shorter Margins like on Childhood or Media

Make the Awards and Nominations take up more of page

The initial home page is irrelevant, but I like the boxes around the topics (Use those boxes for the Nav Bar on the other pages)

Make Julia Child slightly larger in corner
